**ACACIA SUBSIDIARY ACQUIRES MEMS PATENTS  
FROM A LEADING INTERNATIONAL RESEARCH INSTITUTE**

Newport Beach, CA. – (BUSINESS WIRE) June 17, 2010 – Acacia Research Corporation (Nasdaq:ACTG) announced today that a subsidiary has acquired MEMS patents from a leading research institute.

The patented technologies generally relate to microelectromechanical systems known as MEMS and can be found in devices such as pressure sensors used in automotive, medical and industrial applications.

“Acacia’s leadership position in patent licensing continues to generate opportunities for revenue growth as research institutes and universities are increasingly selecting us as their partner for the licensing of their patented technologies,” commented Paul Ryan, Acacia Chairman and CEO.

**ABOUT ACACIA RESEARCH CORPORATION**

Acacia Research’s subsidiaries partner with inventors and patent owners, license the patents to corporate users, and share the revenue. Acacia Research’s subsidiaries control over 150 patent portfolios, covering technologies used in a wide variety of industries.

**Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995**

*This news release contains forward-looking statements within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. These statements are based upon our current expectations and speak only as of the date hereof. Our ability to become the licensing partner for companies, research institutes and universities and our actual results may differ materially and adversely from those expressed in any forward-looking statements as a result of various factors and uncertainties, including the recent economic slowdown affecting technology companies, the ability to successfully develop licensing programs and attract new business, rapid technological change in relevant markets, changes in demand for current and future intellectual property rights, legislative, regulatory and competitive developments addressing licensing and enforcement of patents and/or intellectual property in general, and general economic conditions. Our Annual Report on Form 10-K, recent and forthcoming Quarterly Reports on Form 10-Q, recent Current Reports on Forms 8-K and 8-K/A, and other SEC filings discuss some of the important risk factors that may affect our business, results of operations and financial condition. We undertake no obligation to revise or update publicly any forward-looking statements for any reason.*
